

About Us

With 170 million yuan in registered capital, Keemal Group was founded in 2004. It is a national high-tech enterprise organization that integrates research and development, product design, manufacturing, sales, and service for intelligent terminal devices. Following over two decades of growth, the group's subsidiaries can be found in Shenzhen, Guangdong, Shanghai, Anhui, and Jiangsu, among other locations.

We are dedicated to being an internationally renowned producer of mobile terminal equipment. The company employs over 2,000 employees, and its plant can produce 50 million intelligent terminal devices annually. In addition to producing goods for its own brand, it also produces goods for over 100+ well-known domestic and international brands and organizations, including electronic cigarettes, smart watches, mobile phones, tablets, and laptops. It has a high reputation and sells in Southeast Asia, Africa, Europe, and South America.

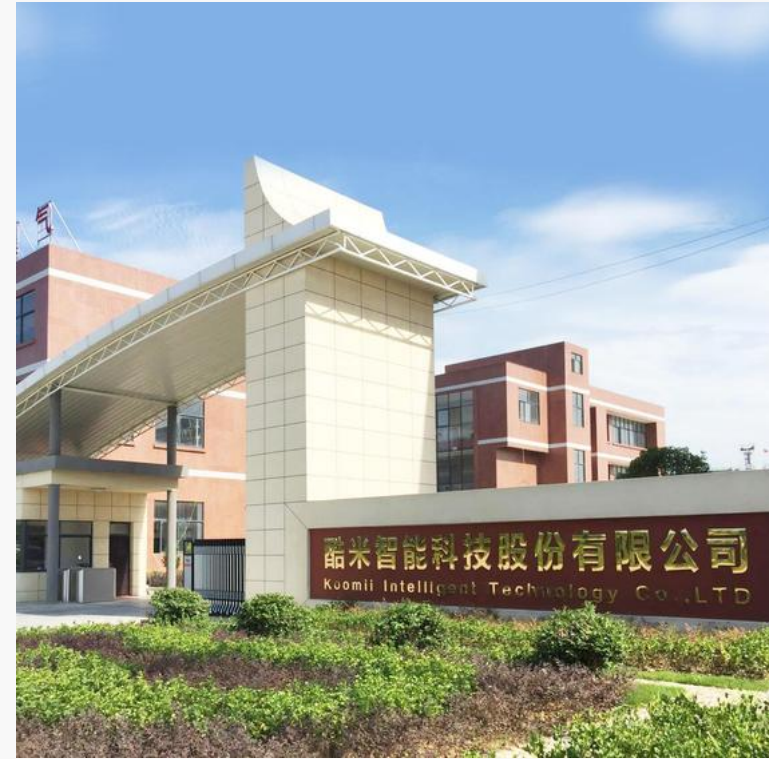

In 2022, the output value exceeded 5 billion yuan, transforming the company into a large-scale corporation with annual profits and over 100 million yuan in taxes.

SOP Group

Keemal

It opened in October 2016 in Ke qiaog Shaoxing. The project covers product research and development, brand incubation, and a smart terminal smart manufacturing base.

Anhui Kumi

AnhuiKumiIntelligentTechnology Co., Ltd. is a full-service technology company whose major products are mobile phone smart terminals and smart wearable gadgets.

Shenzhen SOP

The production material control center and general operation center of the Kumi Group. It has professional brand sales teams, independent R&D teams, national standard product laboratories, and contemporary intelligent terminal manufacturing bases.

Shanghai Research Institute

The core technology research and development center and big data center of Kumi Group (Shanghai) provide technical support for firms' long-term development.

AMOLED Bluetooth Calling Watches

J20

Compatibility: Android 4.4+ or iOS 9.0+

Bluetooth: BLE/BT 5.3

MCU: ATS3085L/ATS3085S

Waterproof: 3 ATM

Display: 1.43 Inch AMOLED Screen 466*466 Pixel full touch

Memory: Flash 256Mb

Dimension: 49*49*14.9 mm

Material: Stainless steel bezel + Zinc Alloy mid-frame PVD + back cover

Two-color injection molding + Fresnel lens

Charging type: Magnetic Charging Cradle

HeartRate Sensor: VC9213+VP60A4

G-Sensor: STK8325

Battery: 480 mAh

Standby time:: 10~20 days

Working time: 5-7 days (depending on reminding frequency)

App: Gloryfit

Features & Functions:: Dual satellite GPS Positioning (L1+L5), 2.5D GPU

Support For Dynamic UI Effects, Rotary encoder, Compass, Barometer,

Living Body Recognition, Cywee Algorithm, Time And Date Display,

Pedometer, Calories, Distance, Exercise, Heart Rate Monitoring, Blood

Oxygen Monitoring, 24-hour Heart Rate Monitoring, Mood And Stress,

Ultra-low Power Consumption, Always On Display

A25S

Compatibility: Android 4.4+ or iOS 9.0+

Bluetooth: BLE/BT 5.3

MCU: RTL8773EWE-VP

Waterproof: IP68

Display: 1.96 Inch AMOLED Screen 410*502 Pixel full touch, OGS

Memory: Flash 128Mb

Dimension: 46.7*38.9*9.9 mm

Material: One piece of plastic painting

Charging type: Magnetic Charging

HeartRate Sensor: VC30F

G-Sensor: STK8321

Battery: 300 mAh

Standby time: 10~20 days

Working time: 3-5days (depending on reminding frequency)

App: FitCloudPro

Features & Functions: Rotary encoder, Bluetooth Calling, 2.5D Dynamic UI Effect, Living Body Recognition, Time and Date Display, Sports Mode, Exercise Record, Steps, Calories, Distance, Activity, Heart Rate Monitoring, Blood Oxygen Monitoring, 24-Hour Heart Rate Monitoring, Always On Display

A09 Pro
